benefits

- ✓ **Your Roehampton Limb User Group gives you greater access** to discussion on product development plus opportunities to say what is important to the decision makers. This ensures that Roehampton limb service users receive the best possible service standards.
- ✓ **Shared understanding and friendship**
Evening meetings are interesting because the speakers and topics are current and of real value to those who come along. We link up with local support groups for daytime swimming & socials.
- ✓ **Make the Group count. If you have a good idea, share it!**
If proposed to the Trust it may be acted upon or reasons given if not. You can offer your experience or are welcome to visit and listen.
- ✓ **It is where news from the Hospital, Prosthetic and Orthotics,** disability living information, concerns and triumphs are shared, aired, and where campaigns start. Add your strength to ours.
